

DANIEL HOLCOMBE, HISTORIC PRESERVATION SPECIALIST

SECURITY CLEARANCES: AOC BADGE (EXPIRES DECEMBER 2017)

EXPERIENCE PROFILE

Daniel Holcombe is a Historic Preservation Specialist at Aeon Preservation Services. Daniel recently joined Aeon, and had a marked interest in historic preservation since childhood. After obtaining his degree in Historic Preservation, Daniel has focused on developing hands-on preservation skills in the restoration of historic masonry and project management.

Before joining Aeon's team, Daniel coordinated and lead a wide range of projects at the Congressional Cemetery in Washington, DC. He was involved with preservation of monuments, family vaults, mausoleums, and the historic gatehouse, chapel, and carriage house. Having worked with many different types of materials and construction, Daniel aims to continue to his work preserving historic buildings and monuments. He also serves at Aeon's Safety Officer.

PROFESSIONAL EXPERIENCE

- 2017-present **Aeon Preservation Services LLC, Bladensburg, MD:** Historic preservation specialist for a growing consulting practice focused on safety plan management, construction administration, material analysis, and other technical preservation services for an elite group of contractors providing specialized historic preservation services nationwide.
- 2013-2017 **Historic Congressional Cemetery, Washington, DC:** Carried out the overall landscape preservation, performed hands on conservation to the headstones, monuments, and buildings on the property as the Grounds and Conservation Manager/ Superintendent. Also oversaw and coordinated large-scale conservation projects, such as the rehabilitation of the Archival Storage Safe.
- Summer 2012 **Historic Congressional Cemetery, Washington, DC:** Worked with the Conservation Manager to practice and hone preservation skills. Carried out the excavation, repair, and rebuilding of the historic stone swales along the cemetery roads.
- Summer 2012 **Gunston Hall Plantation, Lorton, VA:** Assisted with archaeological investigations of historic resources on the site. Significant features included the kitchen building and the adjacent midden.

ACADEMIC EXPERIENCE

- 2007-11 **University of Mary Washington, Fredericksburg, VA:** Class of 2011, BA Historic Preservation

RELATED TRAINING

- Current **Certificate:** OSHA 30 Hour Training, General Construction, 2017
- 2017 **Historic Property Management:** HSRs and Maintenance Plans. Hosted by the National Preservation Institute and given by Alfonso Narvaez, the course centered on the preservation of materials and systems used in historic buildings.
