

JEAN STOLL, HISTORIC PRESERVATION SPECIALIST

SECURITY CLEARANCES: AOC BADGE (EXPIRES DEC 2017)

EXPERIENCE PROFILE

Jean Stoll is a Historic Preservation Specialist at Aeon Preservation Services. Jean recently joined Aeon, after working in the preservation field at George Washington's Mount Vernon and Wetland Studies and Solutions Inc. While at Mount Vernon, she participated in material analysis, evaluated historic treatment options, and completed condition assessments. At WSSI she underwent monthly compliance and HAZWOPER training. She is a dedicated team member, and has a strong interest in architectural conservation. Her first major project with Aeon was to assess the masonry condition of a Norfolk Naval Shipyard warehouse for impending rehabilitation. Other recent responsibilities include construction administration for masonry conditions at the Russell Senate Office Building. Jean also serves as Aeon's Environmental Compliance Technician.

PROFESSIONAL EXPERIENCE

- 2017-present **Aeon Preservation Services LLC, Bladensburg, MD:** Historic preservation specialist for a growing consulting practice focused on material analysis, historical research, condition reports and other technical preservation services for an elite group of contractors providing specialized historic preservation services nationwide.
- Jan-Apr 2017 **Wetland Studies and Solutions, Gainesville, VA:** Supplemented a small team of architectural historians to research and record property histories for the Cultural Resource Management company. Additional work on historic district nominations, view shed conservation, and archaeological site safety.
- May-Dec 2016 **George Washington's Mount Vernon, Mt Vernon, VA:** Provided crucial research support for various restoration and conservation projects on the estate. Other work included materials analysis, condition assessments, and introduction to architectural conservation planning and fundraising.
- Summer 2015 **Page & Turnbull, San Francisco, CA:** Assisted experienced architectural historians in researching and writing property histories. Additional projects included archiving classified material and writing a National Register Nomination for 1601 Clay Street, Oakland, CA.

ACADEMIC EXPERIENCE

- 2010-14 **Clemson University; College of Charleston, Charleston, SC:** Class of 2016, MS Historic Preservation
- 2010-14 **Baylor University, Waco, TX:** Class of 2014, BA Anthropology; History

RELATED TRAINING

- Current **Certificate:** HAZWOPER 24 Hour Training, 2017; OSHA 30 Hour Training, General Construction, 2017
- 2017 **AutoCAD 2016 Beyond the Basics:** Intermediate 24 hour AutoCAD course.
